Experience

Gartner / Front-end developer

JAN 2016 - PRESENT, Stamford, CT

- ↳ Building [Peer Insights](#)'s UI - including a new extranet platform for Gartner clients, rebuilding old jQuery pages with React.js, and creating new features and reporting tools for an internal administrator platform.
- ↳ Cross browser testing, email templates, and collaborating with product managers, designers, and backend developers.

Workable / Business Development Manager

JULY 2014 - AUG 2015, NEW YORK, NY

- ↳ Worked solo in NYC to expand Workable's sales through event planning, field sales, and customer support.
- ↳ Grew Talent Hackers, a meetup for in-house recruiters, in NYC, Boston, and Philadelphia.

UK Trade & Investment / Business Development Associate

MARCH 2011 - JUNE 2014, NEW YORK, NY

- ↳ Supported tech companies with international expansion between NY and the UK.
- ↳ Managed client relationships, grew key partnerships, and co-organized high level events for British government officials and the NY/London tech community.

Education

Emerson College / BS in Marketing Communications

SEPT 2007 - MAY 2011 BOSTON, MA

Graduated Cum laude with a William Hearst Scholarship

General Assembly / Web Development Immersive

AUG 2015 - NOV 2015 NEW YORK, NY

Completed a 12-week full-time web development course to further my knowledge in web development and kickstart a major career change.
